PASSION DRIVEN BY VISION

不忘初心，筑梦前行

董事长致辞

ADDRESS BY THE CHAIRMAN

创建于2003年的广东凯迪龙工业毡科技有限公司，已经走过了激情飞扬的16年。从当年的初出茅庐，发展到今天自主研发、生产销售、售后跟踪等一条龙服务的多元化企业集团。凯迪龙已成为目前全国乃至全球较大规模的铝业毡带生产商，产品销售网络遍布全国并覆盖了东南亚、欧盟等地区，年主营收入超亿元。

曾几何时，先进的工业毛毡制品核心一直被外国人掌握，但我们本着要造世界上优良毛毡的决心，用了几年的时间潜心研究，终于研发出了取代外国产品，甚至质量远远超过他们的铝业毡带。并由此揭开了凯迪龙在全世界工业毛毡市场独领风骚的序幕。历时16年，经过全体同仁共同努力，公司成绩斐然、荣誉不断。获得行业内外的一致好评。如今，凯迪龙产品包括滑出台无缝输送带，高中低温滚筒，平板式毡条，时效毛毡套，铝材防擦花保护条，链条式环带等拥有实用新型专利近20个。凯迪龙始终坚持“以科技为先导、以创新求发展、以质量求生存、以诚信待客户”的企业精神，多次获得中国质量500强、中国著名品牌质量领先企业、中国质量诚信杰出人物等称号。我们始终优质的原材料，精湛的生产工艺和负责的售后服务保证产品的质量，和客户长期保持着稳定的友好合作关系。我们深知，凯迪龙之所以能不断创造新的奇迹，与每一位家人的智慧密不可分。这是大家共同努力的结果。

从创业迄今，凯迪龙始终坚持“创造价值，成就自我”的理念，通过不断引进人才，学习先进科学技术，严格要求每一位员工，把握好每一道工序，每一道工序，确保产品质量，满足广大客户的需求。2017年，我们将投入超过2000万元，进行工业技改。我们希望通过设备改造，更新扩大产能，增加产品品种、改善产品性能。为客户提供更为优质的产品。

回首过往16年的发展，凯迪龙的成长始终伴随着中国改革开放的进程，顺应时代要求，秉承“厚泽为民”的企业使命，大胆探索、勇于实践，不断突破，凯迪龙定会继续迎来硕果累累的收获季节。对此，我们深以为然。

昨日的成就已成历史，今日的努力才是明日辉煌的奠基石，“雄关漫道真如铁，而今迈步从头越”。展望未来，我们将迎来更加艰苦卓绝的挑战。“世界级企业，百年老店”一直是我们的愿景使命。凯迪龙全体员工将继续脚踏实地，敢为人先，勇于创新，同心同德，精心打造一家与众不同。对社会有价值、受人尊敬的企业，以更加优异的成绩回馈社会、回报公众。不忘初心，我们继续筑梦前行。

Established in 2003, Guangdong Kaidilong Industrial Felt Technology Co., Ltd. has gone through 16 years of high passion. From the early days of Maolu, to today's independent product development, production and sales, after-sales tracking and other diversified enterprise groups. Kaidilong has become a large-scale aluminium tape manufacturer in China and even in the world. Its product sales network covers the whole country, Southeast Asia, the European Union and other regions, with an annual main revenue of more than 100 million yuan.

Once upon a time, the core of advanced industrial felt products has been mastered by foreigners, but with the determination to build the world's excellent felt, we spent several years of intensive research, and finally developed a replacement for foreign products, even the quality far exceeds their aluminium felt belt. And thus opened the prelude of Kaidilong leading position in the world industrial felt market. It has lasted 16 years, and through the joint efforts of all colleagues, the company has achieved remarkable results and continued to enjoy great honor. Achieved unanimous praise both inside and outside the industry. Today, Kaidilong products include slippery seamless conveyor belts, high and low temperature drums, flat felts, aging felts, aluminum anti-collision protection strips, chain ring belts and so on, which have nearly 20 utility model patents. Kaidilong always adheres to the enterprise spirit of "taking science and technology as the guide, seeking development with innovation, surviving with quality and treating customers with sincerity", and has won many titles such as Top 500 Chinese Quality Enterprises, leading Chinese brand quality enterprises and outstanding Chinese quality and sincerity figures. We always guarantee the quality of our products with high quality raw materials, exquisite production technology and responsible after-sales service, and have friendly cooperative relations with the customer General Bureau guarantee bank. We know that Kaidilongability to create new miracles is closely related to the wisdom of every family member. This is the result of our joint efforts.

From the start-up to now, Kaidilong has always adhered to the concept of "creating value and achieving self". By constantly introducing talents, learning advanced science and technology, every employee is strictly required to grasp every process, every process, ensure product quality and meet the needs of customers. In 2017, we will invest more than 20 million yuan in industrial technological transformation. We hope to expand production capacity, increase product variety and improve product performance through equipment renovation. To provide customers with better quality products.

Looking back on the development of the past 14 years, Jidilong's growth has always been accompanied by the process of China's reform and opening up. In line with the requirements of the times, and adhering to the enterprise mission of "Houze for the people": thig exploration, please practice, constantly breaking, Jidilong will continue to usher in the harvest season of fruitful earthquake tickets. We take it for granted.

Yesterday's achievements have become history, today's efforts are the cornerstone of tomorrow's brilliant vegetable, "Xiongguan Passage is really like iron, facing the present step from scratch". Looking forward to the future, we will face more bitter challenges. "World-class enterprises, century-old stores" has always been our most mission. Kaidilong staff will continue to be down-to-earth, number first, innovative, concentric network shop, carefully build a unique. Enterprises that are valuable and respected to the society will give back to the society and the public of the national newspaper with more outstanding achievements. Not forgetting the first heart, we continue to dream ahead.

01 IMPRINTING 凯迪龙·印记

我们深信人才是企业发展的第一要素

我们深知:人才是企业的第一要素,是企业发展的原动力。凯迪龙能够在同行业的激烈竞争中保持了业绩的持续攀升,其根本原因,就是拥有优秀的产品和人才。

企业的市场竞争说到底产品的竞争。在一些领域里,产品日益同质化,如果要寻求突破,就必须调整产品结构,必须有更精、更优的好产品。然而,好产品的诞生又必须依赖掌握核心技术的科研开发人才,如果把他们的卓越智慧转化成优秀产品,那么,企业的核心竞争力就会进一步增强。

为此,我们不仅要培养、吸纳人才,还要留得住人才,用得住人才,让人才的价值得以充分体现。因此,必须要舍得投入去栽“梧桐树”,引更多的“凤凰”来,为人才搭建创业的平台,还要有相应的激励措施和利益分配以及良好的工作与生活坏境,使其一门心思搞研发,出成果。

人才就是智慧,就是效益。凯迪龙一定能紧紧牵住人才这个牛鼻子,在风云变幻的市场经济中,始终掌握核心技术,打造核心竞争力,抢占市场制高点。

We are convinced that talent is the first element of enterprise development. We are well aware that talent is the first element of an enterprise and the driving force of its development. Kaidilong has been able to keep its performance rising in the fierce competition in the same industry. The fundamental reason is that it has excellent products and talents. In the final analysis, the market competition of enterprises is the competition of products. In some areas of I, products are becoming more homogeneous. If we want to find a breakthrough, we must adjust the product structure and have better and better products. However, good products The birth of the enterprise must depend on the research and development personnel who master the core technology. If their outstanding wisdom is transformed into excellent products, then the core competitiveness of the enterprise will be further strengthened. Therefore, we should not only cultivate and absorb talents, but also retain and use them, so that the value of talents can be fully reflected. Therefore, we must be willing to invest in planting "sycamore" to attract more "phoenix". To build a platform for talent entrepreneurship, we should also have corresponding incentives, benefit distribution and good workers. The working and living environment makes it concentrate on R&D and produce results. Talents are wisdom and efficiency. Kaidilong must be able to hold the talent tightly, and always grasp the core in the changeable market economy. Technology, build core competitiveness, seize the market commanding heights.

公司概况

KDL COMPANY PROFILE

我们坚信，人才是企业发展的第一要素。我们深知，人才是企业的第一要素，是企业发展的动力。凯迪龙在同行业激烈的竞争中一直能够保持其表现上升。根本原因是它有优良的产品

We firmly believe that talent is the first element of enterprise development. We are well aware that talent is the first element of enterprise and the driving force of enterprise development. KDL has been able to maintain its performance in fierce competition in the same industry. The basic reason is that it has excellent products.

质量管理

KDL QUALITY ASSURANCE

走专业化、高品质路线

To follow the route of high quality, and provide the "high intensity, high density and high quality" products which are specially used for aluminum industry.

提供“高强度、高密度、高品质”铝型材专用毡带

凯迪龙的每一道工序都是在资深工程师的指导下设计生产的，比一般同类生产企业多了很多道工序。而在生产出来后，还须经过严格的检测，合格的产品才能送到客户手中。凯迪龙的产品中，纤维、无缝环带、传输带、高中低温滚筒、毛毡条系列等是专供铝型材设备厂配套使用的，而时效炉毛毡套铝材防擦花保护条、包装架防擦花保护条等是给铝型材生产厂家直接使用的。以“高强度、高密度、高品质”的产品引领市场，以“创品牌、重服务”为原则，凯迪龙赢得了广大客户的高度认可和信赖。

Each process of KDL is designed and produced by senior engineers. we have more processes than those of other enterprises in the similar lines. All the qualified products are through strict test and inspection before going to the customers. Among the products of KDL, fiber, seamless conveyor felt belts, high-temp. resistance felt rollers, felt pads series are specially used for equipment manufacturer and aluminium manufacturer; spacer sleeve of aging furnace, felt strip for aluminium protection and packing rack protection are specially used for aluminium manufacturer. With "high-intensity, high-density, high-quality" products leading the market, holding the principle of "brand-built, service foremost", we have been winning the accordant recognition and highly reliance from our overwhelming customers.

高温毡带

KDL HIGH TEMPERATURE FELT BELT

滚筒系列 KDL ROLLER SERIES

凯迪龙高温滚筒内孔有独立的防伪标识，有效杜绝其他小厂家假冒公司产品。确保客户得到的是本公司生产的原装正品。在保护您消费权益的同时，能够保证您购买的毛毡是优良品质，从而确保您的铝材及设备性能稳定输送，生产出更优质的铝材产品。

KDL High Temperature resistance Roller bore has an independent anti-counterfeiting logo, which effectively prevents other small manufacturers to counterfeiting our products. Ensure that customers get the original products produced by our company. While protecting your consumption rights and interests, we can ensure that the you buy is of good quality, so as to ensure that your aluminium materials and equipment are stable in transportation and produce better aluminium products.

- (啡色+黄色) 600°C超高温滚筒 (PBO+Kevlar)600°C PBO roller
- 超高温滚筒 Super high temp .resistance roller
- 适合中断前使用，有效改善由石墨造成的伤痕。
Suitable for use before fly cut, Effectively improve the scratch mark made by the graphite.

- 500°C 高温滚筒 500°C kevlar roller
- 高温隔热筒 High temp .resistance roller
- 只适用于中断后使用的高温区滚筒。
Suitable for use after fly cut and run out table.

- 280°C 中温滚筒 280°C Nomex roller
- 中温滚筒 Moderate temp. roller
- 只适成品锯台及常温度使用的滚筒。
Only suitable for use of finished saw table and room-temperature roller.

- 180°C 低温滚筒 180°C PE roller
- 低温滚筒 Low temp. roller
- 只适成品锯台及常温度使用的滚筒。
Only suitable for use of finished saw table and room-temperature roller.

- 凯迪龙品牌无痕滚筒系列，只专门针对表面要求极高的客户群。
KDL品牌滚筒优点: 不可能出现起毛层、凹凸、起鳞片，污染铝材现象。其产品表面平整，优良的新技术，让你体验到更耐用、更高的性价比。特别适用于生产电泳表面、抛光表面要求极高的铝材产品。
- Each high temp. resistance roller of KDL has its own counterfeiting trademark, which effectively avoids other small factory to copy our products, ensures our customers get the original authentic products and protects customer rights as well as to guarantee the quality of the felt belt you have purchased, therefore ensure the stable transferring of your aluminium equipment and high-quality production.

Hard type 硬化:
Treated with resin 经树脂处理加硬

我们可以根据您的不同要求加工成不同尺寸滚筒
长度(Length): 任意长度(All sizes are available)

无缝环型输送带系列 SEAMLESS CONVEYOR BELT SERIES

凯迪龙高温无缝环型输送带已装上了一道安全密码---即内藏式“产品防伪标识”，有效杜绝其他小厂家假冒本公司产品。确保客户得到的是本公司生产的原装正品。在保护您的消费权益的同时，能够保证您购买的毛毡是优良品质，从而确保您的铝材及设备性能稳定输送，生产出更优质的铝材产品。

KDL Seamless Conveyor Belt has been equipped with a security code - - the embedded "product anti-counterfeiting label", which effectively prevents other small manufacturers counterfeiting our products. Ensure that customers get the original products produced by our company. While protecting your consumption rights and interests, we can ensure that the felt you purchased is in good quality, so as to ensure that your aluminium materials and equipment can be transported steadily and produce better aluminium products.

- 600°C 超高温无缝环型输送带
- 600°C PBO seamless conveyor belt
- 超高温无缝带 Super high temp. seamless belt
- 只适合第一，二级超高温输出台（高温区）
Only suitable for runout table and cooling table (high Temp Zone)

- 500°C 高温无缝环型输送带
- 500°C kevlar seamless conveyor belt
- 高温无缝带 high temp. seamless belt
- 只适合第一，二级超高温输出台（高温区）
Only suitable for runout table and cooling table (high Temp Zone)

- 280°C 中温无缝环型输送带
- 280°C Nomex seamless conveyor belt
- 中温无缝带 middle temp. seamless belt
- 只适合调直机后的输出台使用（中温区）
After stretching conveyor only (Middle Temp Zone)

- 180°C 低温无缝环型输送带
- 180°C polyester seamless conveyor belt
- 低温无缝带 low temp. seamless belt
- 只适合叠料台，产品输出，喷涂上下线，氧化上下线（常温区）
Application for storage table, saw table, loading&unloading line for anodizing and painting (Room Temp Zone)

PBO-100%	褐色Brown 褐色双面 Brown+Brown	纯PBO+PBO基布 (超高温双面出料口专用毡)	600°C
Pad-PKK	褐色加黄色 Brown+yellow	PBO+Kevlar基布 (普通单面机专用毡)	600°C
Pad-PK	褐色加黄色 Brown+yellow	PBO+Kevlar基布 (平板式PBO毡条)	600°C

装料框双面保护毡条 NOMEX FELT STRIP

- 常用规格：30-50mm 长度：20000mm(20米 / 卷)
 - 壁厚：6mm、8mm、10mm
 - 适应温度：与时效炉工艺一致，完全满足工艺要求。
 - 特点：有效的改善了铝材表面的保护作用。可以减少装框、坯料中转过程中颠簸而造成的擦花、碰伤现象。
 - 最适合：表面要求极高的铝材产品。避免了按订单生产时，因中转碰伤、擦花而二次作业的损失。
- Standard size: 30-50mm length: 20000mm (20m/roll)
 - Thickness: 6mm、8mm、10mm
 - Working Temp: Consistent with the ageing oven process, fully meet the technical requirements
 - Features : improve the aluminum surface protection effectively, reduce the scratch caused by the iron rack ,profile transfer process.
 - Mostly suitable for : the aluminium profiles with the high quality surface requirement , avoid the loss in second operation's and transit bumps or rub when order is in production.

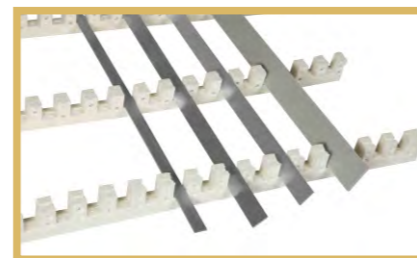

280°装料框双面保护毡条

铝压条衬套 SPACER SLEEVE

- 您需要提供您们使用的铝压条长度、宽度、高度，给我们。我们根据您提供的不同尺寸加工成不同规格的时效隔热毡套。
- Please kindly provide us the aluminium spacer size: length * width * height, according to your requirement, we can produce various specification spacing material.spacer sleeve for the aging furnace..

时效毛毡套 Nomex spacer sleeve for aging furnace

- Type型号：N-S Color颜色：Off white/米白色 composition 100% nomex Temp. up to 220-280°C
- Type型号：PE-S Color颜色：White/白色Red/红色Green/绿色Black/黑色
Compositon 100% polyester Temp. up to 150-180°C
- Thickness厚度：1.3、1.6、1.8、2.0、3.0 (230 g/m²—1000 g/m²)

时效炉用毛毡套 280°C
颜色：米色
厚度：1.3、1.6、1.8、2.0mm
颜色：灰黑色
厚度：1.6、1.8、2.0mm

常温彩色毛毡套180°C
颜色：白色、红色、绿色、蓝色、黑色
厚度：1.6、2.0、3.0mm

同步带系列 Timing Belt SERIES

同步带Timing Belt 型号：T20.ATK10.HTD14M

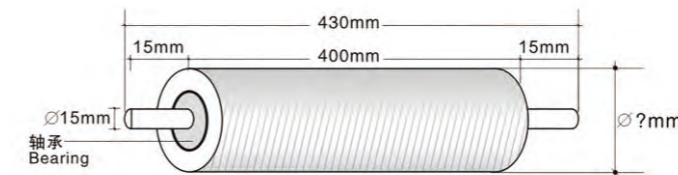

- 适合常温区的输送带，可选择PVC粘合式或毛毡粘合式
Select PVC bonding or felt bonding for room temp. Conveyor
- PVC 无缝钢丝结构环型同步带
PVC seamless steel structure timing belt
1、毛毡粘合式 bonding type with felts
- PE无缝钢丝结构环型同步带
PE seamless steel structure timing belt
2、双层聚脂粘合式 PE+PE bonding type

镀锌钢滚筒 Galvanized Steel Roller

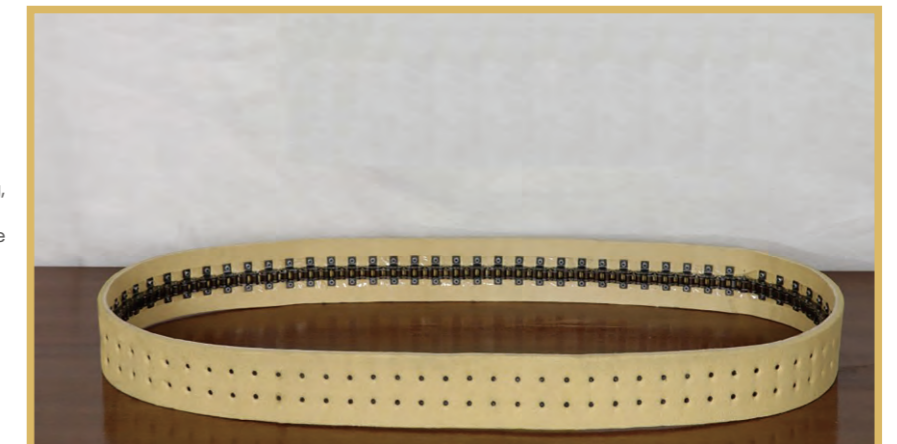

- 常用规格：
- 档边滚筒：φ15×φ50x100x180
 - 成品输送滚筒：
 - ① φ15×φ50x450x480
 - ② φ15×φ60x450x480
 - 初出台输送滚筒（高温区）：
 - ① φ15×φ60x400x430
 - ② φ15×φ76x400x430
 - 15#凹型托片（输送滚筒两边的托片）
- Standard specification：
- Side Roller: φ15 x φ50x100x180
 - Finished products Conveyor Roller:
 - ① φ15 x φ50x450x480
 - ② φ15 x φ60x450x48
 - Initial table conveyor roller (high Temp):
 - ① φ15 xφ60x400x430
 - ② φ15 xφ76x400x430
 - 15# Mitrix supports (to hang the rollers)

结构示意图 Structure Drawing

链条式（重型输送带） Chain text conveyor belt

- 链条式（重型输送带）480°国家专利产品State patent products
Chain text conveyor belt (heavy-duty conveyor belt)
- 适合2500T—10000T挤压生产线；
- 优点：有强劲的拉力，解决了常规的打滑现象，从而达到输送顺畅的效果；规格按客户实际需求生产，毡面有效范围为5mm。
- 技术参数：
 - 齿距：12.7mm，内弧最小为300mm
 - 齿距：15.87mm，内弧最小为330mm
 - 长度：11000mm
 - 壁厚：10mm宽度：80mm-130mm
 - 适应温度：480°C—280°C
- Suitable for 2500T-10000T Press.
- Advantage: Strong pull, solving the convention al slip ping, achieve theeffect of smooth delivery.
- According to customer specifications, felt surface effective range of 5mm.
- Technical parameter
 - Teeth Space: 12.7mm, Minimum inner Arc: 300mm
 - Teeth Space: 15.87mm, Minimum innerArc: 330mm
 - Length: 11000mm
 - Thickness: 10mm
 - Width: 80mm-130mm
 - Suitable Temp: 480°C—280°C

在高温毡带高速发展的今天
 凯迪龙通过不断颠覆传统，
 创新的工艺与设计、引领行业发展新方向，
 使得凯迪龙产品更具竞争力。

Today, with the rapid development of high temperature tape
 KDL subverts tradition constantly.
 Innovative technology and design, leading the new direction of industry development.
 Make KDL products more competitive.

商务交流会 BUSINESS COMMUNICATION

2010杜邦新加坡交流会

2010年，我公司董事长参加在新加坡举行的美国杜邦公司产品应用与技术大型交流会。

In 2010, our directors participated the conference for Technology & Application in Singapore by DuPont's company from the United States.

答谢暨春节晚会 THANKS IN SPRING FESTIVAL GALA

优秀的企业都有其核心的文化，每个企业的文化实际就是老板的价值取向。和谐共进、利益共享、主动回馈社会是凯迪龙企业文化的核心，将以人为本落实到前行路上每一个脚印，让凯迪龙获得了员工与社会各界朋友的认可和肯定.....

实力彰显，荣誉见证

CERTIFICATE & REFERENCE

“产品有限，服务无限”是凯迪龙服务的理念。无论是老朋友还是新客户，都会感受到凯迪龙人春天般的服务热情。凯迪龙对售前、售中、售后的各个环节都赋予了深刻的内涵，让客户在踏进公司的第一步开始，就感受到我们服务的细致与周到。从售前的调研与沟通，到售中的供货与交付，再到售后的指导与反馈，都注入了“标准化、个性化、人性化”的营销理念。凯迪龙人本着“用户第一”的营销理念，设立了二十四小时服务热线，第一时间了解客户需求、解决客户问题、接受客户建议。正是以上的理念与措施使凯迪龙形成了稳定的客户群。使他们成为了我们最忠实的伙伴，实现了彼此的共同发展与壮大。

Product is limited, service is unlimited" is KDL service concept. No matter you are old friends or new customers, you can feel service enthusiasm of KDL. To pre-sale, sold and after-sale of each link we have entrusted with the profound connotation and made customer feel hospitality and the thoroughness which we served from the first step you step into our company. From the pre-sale investigation and communication, the goods delivery, to the after-sale instruction and feedback, we have poured the 'standardization, individuation and personalization" into marketing idea. We have set up 24-hour service hot lines to understand the customer's demand at the first time, solve customer's problems and accept the customer's suggestion. Recurring to above concept and measures, we are in possession of stable clients and make them our most faithful partners and therefore realize mutual development of each other.

凯迪龙一直坚持“追求卓越、制造精品”的质量方针，以‘创品牌，重服务’为原则，不断求新和自我完善。全体员工团结进取，以至诚之心共铸企业辉煌，得到社会各界的美誉、认同。

KDL has always been persisting in take 'excellent quality, perfect pursuit ' as quality policy, 'brand creation and service first ' as principle, we constantly innovate and self-improve. With the spirit of unifying and progressing, we are creating our enterprise' s glory with all hearts and soul, obtaining highly popularity from various circles of society. development of each other.
